

Discsprinter 600T

Industry-Leading Performance,
Footprint, Versatility and Price Point

Best Performance

DISCSPRINTER 600T SYSTEM FEATURES

- 400 disc input enables use of multiple CD, DVD, or Blu-ray media types, or 300 single media type capacity
- Removeable media spindles simplifies media handling
- Attractive tri-color system status indicator lights for operator attention
- Reliable, robust picker mechanism for high-volume environments
- Six disc recorders for redundancy and throughput optimization
- Choice of printer technologies: (Black Thermal, Photo Thermal-retransfer, Photo Inkjet)
- Embedded Windows 7 PC for maximum compatibility (all software preinstalled)
- Easy integration with Microtech's universal API (File based or XML)
- Secure enclosure to protect media and all moving parts
- External 20 disc capacity mail slot delivery option.

FULLY AUTOMATED CD/DVD/BD PRODUCTION SYSTEM

Introducing the TEAC Discsprinter 600T Publishing System, an innovative feature rich system leveraging all of the best design concepts for an automated disc publishing and duplication machine. High capacity 300 disc unattended production, or four media types with delivery to the Mail Slot provides maximum flexibility in a single machine. Discsprinter 600T has printer support flexibility with a choice of black thermal, Preprinted media overprinting (ImageAligner), or color thermal print technologies. Customize any solution with Microtech's universal API's!

OPTIMIZED PERFORMANCE

Designed for maximum output and unmatched uptime, Each Discsprinter 600T comes fully loaded with Microtech's ImageMaker suite of programs on the embedded Windows 7 PC. The ImageMaker software includes tools for most disc production environments out of the box, and feature Microtech's popular MyDisc, DiscPrint and Media-Remote programs.

Ease of integration, optimized foot-print and the industry's most cost-effective price point enable a "no-compromise" approach to digital publication, and a simple transition path for customers who require a competitive alternative to the costly, pre-configured solutions currently on the market today. Microtech lets you decide the features that are important to you and your bottom line!
